**Notice of initiation of an anti-subsidy proceeding concerning imports of bicycles originating in the  
People's Republic of China**

(2012/C 122/06)

The European Commission ('the Commission') has received a complaint pursuant to Article 10 of Council Regulation (EC) No 597/2009 of 11 June 2009 on protection against subsidised imports from countries not members of the European Community<sup>(1)</sup> ('the basic Regulation'), alleging that imports of bicycles, originating in the People's Republic of China, are being subsidised and are thereby causing material injury to the Union industry.

**1. Complaint**

The complaint was lodged on 15 March 2012 by the European Bicycle Manufacturers Association (EBMA) ('the complainant') on behalf of producers representing a major proportion, in this case more than 25 % of the total Union production of bicycles.

**2. Product under investigation**

The product subject to this investigation is bicycles and other cycles (including delivery tricycles but excluding unicycles), not motorised ('the product under investigation').

**3. Allegation of subsidisation**

The product allegedly being subsidised is the product under investigation, originating in the People's Republic of China ('the country concerned'), currently falling within the CN codes 8712 00 30 and ex 8712 00 70. These CN codes are given for information only.

The complainant alleges that the producers of the product under investigation originating in the People's Republic of

China have benefited from a number of subsidies granted by the Government of the People's Republic of China.

The complainant further alleges that the subsidies consist, *inter alia*, in exemptions from income and other direct taxes (e.g. preferential corporate income tax for high and new technology industries, income tax exemptions or reductions under the two free/three half programme, local income tax exemption or reduction for 'productive Foreign Invested Enterprises (FIEs)', income tax reduction for FIEs purchasing domestically-produced equipment, income tax reduction for FIEs based on geographic location, preferential tax policies for R & D at FIEs, income tax credits for domestically-owned companies purchasing domestically-produced equipment, income tax exemption programme for export-oriented FIEs, corporate income tax refund programme for reinvestment of FIE profits in export-oriented enterprises), indirect tax and tariff exemptions (e.g. VAT and tariff exemptions on imported equipment, VAT rebates on domestically-produced equipment, exemption from city maintenance, construction taxes and education surcharges for FIEs), preferential loans and interest rate subsidies (e.g. low-interest policy loans granted by State-Owned Commercial Banks and Government Policy banks), government provision of goods for less than adequate remuneration (e.g. provision of raw material inputs, electricity and land use rights), grant programmes (e.g. Tianjin Cycle Industry Park Development Assistance Fund, Tianjin Binhai New Area Special Development and Construction Assistance Fund, Famous Brands Awards) as well as Economic Development Zone (EDZ) programmes (e.g. granted by Tianjin Binhai New Area, Tianjin Jinghai EDZ, Tianjin Economic-Technological Development Area, Da Gang EDZ, Wu Qing EDZ, Dongguan South China Industry Park).

The complainant also alleges that the above schemes are subsidies since they involve a financial contribution from the Government of the People's Republic of China or other regional Governments (including public bodies) and confer a benefit to

<sup>(1)</sup> OJ L 188, 18.7.2009, p. 93.

the recipients, i.e. to the exporting producers of the product under investigation. They are alleged to be contingent upon export performance and/or the use of domestic over imported goods and/or limited to certain types of enterprises and/or regions, and therefore specific and countervailable.

#### 4. Allegation of injury

The complainant has provided evidence that imports of the product under investigation from the country concerned have increased overall in absolute terms and have increased in terms of market share.

The *prima facie* evidence provided by the complainant shows that the volume and the prices of the imported product under investigation have had, among other consequences, a negative impact on the quantities sold and the level of prices charged by the Union industry, resulting in substantial adverse effects on the overall performance and the financial situation of the Union industry.

#### 5. Procedure

Having determined, after consulting the Advisory Committee, that the complaint has been lodged by or on behalf of the Union industry and that there is sufficient evidence to justify the initiation of a proceeding, the Commission hereby initiates an investigation pursuant to Article 10 of the basic Regulation.

The investigation will determine whether the product under investigation originating in the country concerned is being subsidised and whether this subsidisation has caused injury to the Union industry. If the conclusions are affirmative, the investigation will examine whether the imposition of measures would not be against the Union interest.

##### 5.1. Procedure for the determination of subsidisation

Exporting producers<sup>(1)</sup> of the product under investigation from the country concerned are invited to participate in the Commission investigation.

###### 5.1.1. Investigating exporting producers

###### (a) Sampling

In view of the potentially large number of exporting producers in the country concerned involved in this proceeding and in order to complete the investigation within the statutory time-limits, the Commission may limit the exporting producers to be investigated to a reasonable number by selecting a sample (this process is also referred to as 'sampling'). The sampling will be carried out in accordance with Article 27 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary, and if so, to select a sample, all exporting producers, or representatives acting on their

behalf, are hereby requested to make themselves known to the Commission. These parties have to do so within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified, by providing the Commission with information on their company(ies) requested in Annex A to this notice.

In order to obtain information it deems necessary for the selection of the sample of exporting producers, the Commission will also contact the authorities of the country concerned and may contact any known associations of exporting producers.

All interested parties wishing to submit any other relevant information regarding the selection of the sample, excluding the information requested above, must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

If a sample is necessary, the exporting producers may be selected based on the largest representative volume of exports to the Union which can reasonably be investigated within the time available. All known exporting producers, the authorities of the country concerned and associations of exporting producers will be notified by the Commission, via the authorities of the country concerned if appropriate, of the companies selected to be in the sample.

In order to obtain information it deems necessary for its investigation with regard to exporting producers, the Commission will send questionnaires to the exporting producers selected to be in the sample, to any known associations of exporting producers, and to the authorities of the country concerned.

All exporting producers selected to be in the sample will have to submit a completed questionnaire within 37 days from the date of notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, *inter alia*, the structure of the exporting producer's company(ies), the activities of the company(ies) in relation to the product under investigation, the cost of production, the sales of the product under investigation on the domestic market of the country concerned and the sales of the product under investigation to the Union.

Companies that have agreed to their possible inclusion in the sample but are not selected to be in the sample will be considered to be cooperating ('non-sampled cooperating exporting producers') without prejudice to the application of Article 28 of the basic Regulation. Without prejudice to section 5.1.1.(b) below, the countervailing duty that may be applied to imports from non-sampled cooperating exporting producers will not exceed the weighted average margin of subsidisation established for the exporting producers in the sample<sup>(2)</sup>.

<sup>(1)</sup> An exporting producer is any company in the country concerned which produces and exports the product under investigation to the Union market, either directly or via a third party, including any of its related companies involved in the production, domestic sales or exports of the product under investigation.

<sup>(2)</sup> Pursuant to Article 15(3) of the basic Regulation, any zero and *de minimis* amounts of countervailable subsidies and amounts of countervailable subsidies established in the circumstances referred to in Article 28 of the basic Regulation will be disregarded.

(b) Individual subsidy margin for companies not included in the sample

Non-sampled cooperating exporting producers may request, pursuant to Article 27(3) of the basic Regulation, that the Commission establish their individual subsidy margins. The exporting producers wishing to claim an individual subsidy margin must request a questionnaire and other applicable claim forms and return them duly completed within the deadlines specified in the following sentence. The completed questionnaire reply must be submitted within 37 days of the date of the notification of the sample selection, unless otherwise specified.

However, exporting producers claiming an individual subsidy margin should be aware that the Commission may nonetheless decide not to determine their individual subsidy margin if, for instance, the number of exporting producers is so large that such determination would be unduly burdensome and would prevent the timely completion of the investigation.

5.1.2. Investigating unrelated importers <sup>(1)</sup> <sup>(2)</sup>

Unrelated importers of the product under investigation from the country concerned to the Union are invited to participate in this investigation.

In view of the potentially large number of unrelated importers involved in this proceeding and in order to complete the investigation within the statutory time-limits, the Commission may limit to a reasonable number the unrelated importers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling will be carried out in accordance with Article 27 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary and, if so, to select a sample, all unrelated importers, or representatives acting on their behalf, are hereby requested to make themselves known to the Commission. These parties should do so within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless

<sup>(1)</sup> Only importers not related to exporting producers can be sampled. Importers that are related to exporting producers have to fill in Annex 1 to the questionnaire for these exporting producers. In accordance with Article 143 of Commission Regulation (EEC) No 2454/93 concerning the implementation of the Community Customs Code, persons shall be deemed to be related only if: (a) they are officers or directors of one another's businesses; (b) they are legally recognized partners in business; (c) they are employer and employee; (d) any person directly or indirectly owns, controls or holds 5 % or more of the outstanding voting stock or shares of both of them; (e) one of them directly or indirectly controls the other; (f) both of them are directly or indirectly controlled by a third person; (g) together they directly or indirectly control a third person; or (h) they are members of the same family. Persons shall be deemed to be members of the same family only if they stand in any of the following relationships to one another: (i) husband and wife, (ii) parent and child, (iii) brother and sister (whether by whole or half blood), (iv) grandparent and grandchild, (v) uncle or aunt and nephew or niece, (vi) parent-in-law and son-in-law or daughter-in-law, (vii) brother-in-law and sister-in-law (OJ L 253, 11.10.1993, p. 1). In this context 'person' means any natural or legal person.

<sup>(2)</sup> The data provided by unrelated importers may also be used in relation to aspects of this investigation other than the determination of subsidisation.

otherwise specified, by providing the Commission with the information on their company(ies) requested in Annex B to this notice.

In order to obtain information it deems necessary for the selection of the sample of unrelated importers, the Commission may also contact any known associations of importers.

All interested parties wishing to submit any other relevant information regarding the selection of the sample, excluding the information requested above, must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

If a sample is necessary, the importers may be selected based on the largest representative volume of sales of the product under investigation in the Union which can reasonably be investigated within the time available. All known unrelated importers and associations of importers will be notified by the Commission of the companies selected to be in the sample.

In order to obtain information it deems necessary for its investigation, the Commission will send questionnaires to the sampled unrelated importers and to any known association of importers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, *inter alia*, the structure of their company(ies), the activities of the company(ies) in relation to the product under investigation and the sales of the product under investigation.

**5.2. Procedure for the determination of injury and investigating Union producers**

Union producers of the product under investigation are invited to participate in the Commission investigation.

A determination of injury is based on positive evidence and involves an objective examination of the volume of the subsidised imports, their effect on prices on the Union market and the consequent impact of those imports on the Union industry.

In view of the large number of Union producers involved in this proceeding and in order to complete the investigation within the set time-limits, the Commission has decided to limit to a reasonable number the Union producers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling is carried out in accordance with Article 27 of the basic Regulation.

The Commission has provisionally selected a sample of Union producers. Details can be found in the file for inspection by interested parties. Interested parties are hereby invited to consult the file (for this they should contact the Commission using the contact details provided in section 5.6 below). Other Union producers, or representatives acting on their behalf, that consider that there are reasons why they should be included in

the sample must contact the Commission within 15 days of the date of publication of this notice in the *Official Journal of the European Union*.

All interested parties wishing to submit any relevant information regarding the selection of the sample must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

All known Union producers and/or associations of Union producers will be notified by the Commission of the companies finally selected to be in the sample.

In order to obtain information it deems necessary for its investigation, the Commission will send questionnaires to the sampled Union producers and to any known association of Union producers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, *inter alia*, the structure of their company(ies), the financial situation of the company(ies), the activities of the company(ies) in relation to the product under investigation, the cost of production and the sales of the product under investigation.

### 5.3. Procedure for the assessment of Union interest

Should the existence of subsidisation and injury caused thereby be established, a decision will be reached, pursuant to Article 31 of the basic Regulation, as to whether the adoption of countervailing measures would be against the Union interest. Union producers, importers and their representative associations, users and their representative associations, and representative consumer organisations are invited to make themselves known within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. In order to participate in the investigation, the representative consumer organisations have to demonstrate, within the same deadline, that there is an objective link between their activities and the product under investigation.

Parties that make themselves known within the above deadline may provide the Commission with information on the Union interest within 37 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. This information may be provided either in a free format or by completing a questionnaire prepared by the Commission. In any case, information submitted pursuant to Article 31 will only be taken into account if supported by factual evidence at the time of submission.

### 5.4. Other written submissions

Subject to the provisions of this notice, all interested parties are hereby invited to make their views known, submit information

and provide supporting evidence. Unless otherwise specified, this information and supporting evidence must reach the Commission within 37 days of the date of publication of this notice in the *Official Journal of the European Union*.

### 5.5. Possibility to be heard by the Commission investigation services

All interested parties may request to be heard by the Commission investigation services. Any request to be heard should be made in writing and should specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within the specific deadlines set by the Commission in its communication with the parties.

### 5.6. Instructions for making written submissions and sending completed questionnaires and correspondence

All written submissions, including the information requested in this notice, completed questionnaires and correspondence provided by interested parties for which confidential treatment is requested shall be labelled 'Limited' <sup>(1)</sup>.

Interested parties providing 'Limited' information are required to furnish non-confidential summaries of it pursuant to Article 29(2) of the basic Regulation, which will be labelled 'For inspection by interested parties'. These summaries should be sufficiently detailed to permit a reasonable understanding of the substance of the information submitted in confidence. If an interested party providing confidential information does not furnish a non-confidential summary of it in the requested format and quality, such confidential information may be disregarded.

Interested parties are required to make all submissions and requests in electronic format (non-confidential submissions via e-mail, confidential ones on CD-R/DVD), and must indicate the name, address, e-mail address, telephone and fax numbers of the interested party. However, any Powers of Attorney, signed certifications, and any updates thereof, accompanying questionnaire replies must be submitted on paper, i.e. by post or by hand, at the address below. If an interested party cannot provide its submissions and requests in electronic format, it must immediately contact the Commission in compliance with Article 18(2) of the basic Regulation. For further information concerning correspondence with the Commission, interested parties may consult the relevant web page on the website of the Directorate-General for Trade: <http://ec.europa.eu/trade/tackling-unfair-trade/trade-defence>

<sup>(1)</sup> A 'Limited' document is a document which is considered confidential pursuant to Article 29 of Council Regulation (EC) No 597/2009 (OJ L 188, 18.7.2009, p. 93) and Article 12 of the WTO Agreement on Subsidies and Countervailing Measures. ## 6. Non-cooperation

In cases where any interested party refuses access to or does not provide the necessary information within the time-limits, or significantly impedes the investigation, provisional or final findings, affirmative or negative, may be made on the basis of facts available, in accordance with Article 28 of the basic Regulation.

Where it is found that any interested party has supplied false or misleading information, the information may be disregarded and use may be made of facts available.

If an interested party does not cooperate or cooperates only partially and findings are therefore based on facts available in accordance with Article 28 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.

The Hearing Officer acts as an interface between the interested parties and the Commission investigation services. The Hearing Officer reviews requests for access to the file, disputes regarding the confidentiality of documents, requests for extension of time limits and requests by third parties to be heard. The Hearing

Officer may organise a hearing with an individual interested party and mediate to ensure that the interested parties' rights of defence are being fully exercised.

A request for a hearing with the Hearing Officer should be made in writing and should specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within specific deadlines set by the Commission in its communication with the parties.

The Hearing Officer will also provide opportunities for a hearing involving parties to take place which would allow different views to be presented and rebuttal arguments offered on issues pertaining, among other things, to subsidisation, injury, causal link and Union interest. Such a hearing would, as a rule, take place at the latest at the end of the fourth week following the disclosure of provisional findings.

For further information and contact details interested parties may consult the Hearing Officer's web pages on DG Trade's website: [http://ec.europa.eu/trade/tackling-unfair-trade/hearing-officer/index\\_en.htm](http://ec.europa.eu/trade/tackling-unfair-trade/hearing-officer/index_en.htm)

In accordance with Article 12(1) of the basic Regulation, provisional measures may be imposed no later than nine months from the publication of this notice in the *Official Journal of the European Union*.

## 9. Processing of personal data

Any personal data collected in this investigation will be treated in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data <sup>(1)</sup>.
